The Board of Trustees of Erie County Community College (the "College") recognizes that members of the College's Board of Trustees, the College President, members of the President's Cabinet, and other Senior Administrators (hereinafter referred to individually and collectively as "Trustees," "Officers" or "Administrators"), must observe high standards of ethical conduct in order to fulfill the College's mission with integrity and to assure public confidence in the institution.

Accordingly, and in order to provide a framework for guiding ethical conduct, the Board of Trustees of Erie County Community College adopts the following standards of conduct for Trustees, Officers and Administrators to uphold. In the event of a conflict between the terms of this policy and the Pennsylvania Public Official and Employee Ethics Act (the "Ethics Act"), the more strict provision shall control. 4. Intentionally or knowingly solicit, accept or agree to accept any benefit for having exercised his or her official powers or performed official duties in favor of another.

The following examples illustrate situations that may constitute a violation of the Standards of Conduct. This list is not comprehensive and does not limit the scope of this Policy.

1. Knowingly voting upon, approving or authorizing a contract or transaction between the College and an immediate family member or Affiliate, or any other matter in which the Trustee, Officer or Administrator has an interest.

Policy I.A.6. Disclosure of Personal or Private Interest

A Trustee, Officer or Administrator who has an actual or potential conflict of interest with respect to a measure, proposal or decision pending before the Board of Trustees shall promptly disclose such interest to the Chairperson of the Board, along with any other relevant information. The Chairperson shall be responsible for informing the other members of the Board of the conflict. If the Chairperson has a conflict, then he or she shall notify the Vice Chairperson. The Board of Trustees may consider such a measure, proposal or decision, but any member having such an interest shall not vote or otherwise participate in such deliberation or action of the Board of Trustees. The member shall, prior to the vote being taken, publicly announce and disclose the nature of his or her interest as a public record in a written memorandum filed with the Board Secretary, which shall be made a part of the minutes of the meeting. While the College may do business with an affiliate of one of its Trustees, no preference may be given based on the Trustee relationship. Further, any Trustee who may have either a direct or indirect interest in a business entity is excluded from all participation in decisions, discussions and any matter related thereto. In the event the College enters into any contract, or in the event that an entity awarded a contract by the College enters into a subcontract, valued at \$500 or more with an entity with which an employee or Trustee, or the employees or Trustees spouse or child, is associated, it may only do so if the contract, or subcontract, has been awarded through an open and public process, including prior public notice and subsequent public disclosure of all proposals considered and contracts awarded. In such a case, the employee or Trustee shall not have any supervisory or overall responsibility for the implementation or administration of the contract.

Violations

In addition to any applicable penalties for violation of the Pennsylvania Ethics Act, reported, alleged or suspected violations of this policy will be directed to the Board Chairperson. If the Board Chairperson is the subject of the report or alleged violation, then the report will be directed to the Vice Chairperson. The Board Chairperson (or Vice Chairperson, if applicable) may appoint a Special Ad Hoc Committee of the Board to examine the matter and recommend further course of action to the Board. The committee may conduct a fact-finding process in an effort to determine if the report can be substantiated, and may consult with or engage the services of legal counsel or other third party to assist in completing an investigation. The committee shall complete its investigation and report its findings to the Board Chairperson (or Vice Chairperson, if applicable) within a reasonable period of time. If the report is substantiated, sanctions may be recommended by the committee, and may include a recommendation of censure and/or referral to outside agencies or investigative authorities, where applicable.

SECTION II: General Administration

Subsection A: Rights

Policy II.A.1: Policy Against Title IX Sexual Harassment and/or Sexual Misconduct

I.I INTRODUCTION

Erie County Community College is committed to maintaining an educational and working environment free of unlawful discrimination and harassment. Under this policy, forms of discrimination or harassment based on sex will not be tolerated. This policy prohibits Title IX Sexual Harassment by or against any student, faculty, administrator, staff, employee, vendor, contractor, volunteer, or visitor to the College. Title IX Sexual Harassment includes Sexual Harassment, Sexual Assault, Dating Violence, Domestic Violence or Stalking. As set forth in this policy, the College will take all appropriate steps to prevent

and respond to incidents of sexual harassment in a prompt and equitable manner.

Reports of Sexual Harassment that do not rise to the level of unwelcome verbal or physical conduct based on sex or of a sexual nature that does not rise to the level of sexual harassment under this policy may be covered by the College's Anti-Discrimination and Harassment Complaint Policy.

This policy will:

- Define Title IX Sexual Harassment.
- Explain how to make a report of Title IX Sexual Harassment.
- Identify interim measures and support services available for Complainants or Respondents under this policy.
- Provide information on the Title IX process, including how reports made under this policy are equitably investigated and the hearing process.

II. POLICY

A. Scope of Policy

This policy applies to all students, faculty, administrators, staff, employees, vendors, contractors, volunteers, and visitors to the College, regardless of sexual orientation, gender, gender identity, gender expression, or any other characteristic, and regardless of the sex or sexes of the parties involved, including when the parties involved are all of the same sex. Under this policy, the College has jurisdiction over reports of sexual harassment that takes place on all College property and at any location, event or circumstance over which the College has substantial control over both the alleged Respondent and the context in which the conduct occurs, to include any building owned or controlled by a student organization that is officially recognized by the College.

At the time of the filing of a formal complaint, the Complainant must be participating in or attempting to participate in the College's educational programming or activity. Students, employees, and third parties may file reports of sexual harassment, under this policy.

B. Title IX Coordinator

The College's Title IX Coordinator is responsible for overseeing the administration of this policy and the College's response to reports made pursuant to this policy. The contact information for the Title IX Coordinator is:

E-mail: TitleIX@ec3pa.org

Phone: 814-413-7000

Coordinator: Keri Bowman

C. Conduct Prohibited by this Policy

The following conduct is prohibited by this policy:

1. Sexual Harassment, defined as follows:

- a. **Sexual Assault:** Sexual assault includes any forcible or non-forcible sexual act directed against another person without the consent of said person, including instances where the person is incapable of giving consent. Sexual assault includes the offenses of rape, fondling, incest, statutory rape, forcible sodomy (oral or anal sexual intercourse), and sexual assault with an object. These terms and other forms of sexual assault are further defined by the Code of Federal Regulations and the Pennsylvania Crimes Code, as set forth in Appendix A of this policy. The conduct defined in Appendix A is also prohibited by this policy.
- b. **Sexual Harassment:** Sexual harassment is unwelcome** verbal or physical conduct based on sex or gender or unwelcome verbal or physical conduct of a sexual nature (including sexual advances or requests for sexual favors) when:
 - I. Submission to or rejection of such conduct is made implicitly or explicitly a term or condition of an individual's employment, study, or participation in College-sponsored activities;
 - II. Submission to or rejection of such conduct is used as the basis for decisions affecting a person's study, employment, or participation in College-sponsored activities; or
 - III. The conduct is determined by a reasonable person to be **so severe, pervasive and objectively offensive** it effectively denies a person's equal access to the College's education program or activity, work or academic performance or ability to participate in or receive the benefits, services, or opportunities in academic or work programs, or it creates an intimidating, hostile, offensive, or demeaning academic or working environment;

**Conduct is "unwelcome" if it was not requested or invited by the Complainant, and the Complainant considered the conduct to be undesirable or offensive. Participation in the conduct or the failure to complain does not always mean that the conduct was welcome. The fact that a person may have welcomed some conduct does not necessarily mean that a person welcomed other conduct. The fact that a person requested or invited conduct on one occasion does not mean that the conduct is welcome on a subsequent occasion.

Examples of behavior which may be considered sexual harassment include, but are not limited to:

- Direct or implied threats that submission to sexual advances will be a condition of employment, work status, promotion, grades or any other aide, benefit or service of the College;
- Direct propositions of a sexual nature;
- Sexually explicit statements, questions, jokes or teasing;
- Unnecessarily touching, panting, hugging or brushing against a person's body;
- Remarks of a sexual nature regarding a person's clothing, body, sexual activity, previous sexual experience, or sexual orientation;
- Repeated requests for dates or social interaction made through verbal requests, social media, texts, notes telephone calls, facsimiles, e- mails, or other electronic communication;
- Visual displays of inappropriate sexual images; and
- Attempted or actual incidents of Sexual Assault, Sexual Violence, or any of the other conduct prohibited by this policy.

c. Sexual Violence: Sexual violence is physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. A number of different acts fall into the category of sexual violence, including Sexual Assault.

2. Relationship Violence is a broad term that includes the following behavior :

a. Dating Violence: Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Dating violence does not include acts covered under the definition of Domestic Violence.

Note: Dating Violence is not defined under Pennsylvania law.

b. Domestic Violence: Domestic Violence is a felony or misdemeanor crime of violence committed by:

- A current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the Commonwealth of Pennsylvania; or
- By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the Commonwealth of Pennsylvania.

Note: Domestic Violence is not defined under Pennsylvania law.

3. Stalking:

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.

"Course of conduct" means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. "Reasonable person" means a reasonable person under similar circumstances and with similar identities to the victim.

"Substantial emotional distress" means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Stalking as defined by the Pennsylvania Crimes Code is also prohibited conduct under this policy. See Appendix A.

4. Retaliation:

Any adverse treatment that is reasonably likely to deter someone from filing a report or participating in an investigation or disciplinary process under this policy.

Retaliation can be verbal, written, graphic, electronic or physical, and can include but is not limited to intimidation, threats, coercion or unfavorable employment or educational actions directed toward an individual to deter them from filing a report or participating in the investigation or disciplinary process. Retaliation also includes acts taken with the intent of seeking retribution against an individual who filed a report or who otherwise participated in the investigation or disciplinary process.

D. Important Information Regarding Prohibited Conduct

1. Consent

As used in this policy, the term "Consent" means words or actions that show a knowing and voluntary agreement to engage in mutually agreed sexual activity. Consent must be ongoing throughout sexual activity and can be revoked at any time. Silence or absence of resistance will not necessarily

imply consent. Assent (an affirmative statement or action) shall not constitute consent if it is given by a person who is unable to make a reasonable judgment concerning the nature or harmfulness of the activity because of their intoxication, unconsciousness, youth, mental deficiency or incapacity (also known as “Incapacitation”), or if the assent is the product of threat, force, or coercion. Consent to prior sexual activities does not constitute consent to future acts. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another person.

2. Prohibited Conduct Through Different Communication Mediums

Violations of this policy may occur through various communication mediums, including but not limited to, face-to-face contact, telephone, written notes, Wiki contributions, instant messages, text messaging, file sharing, voice chat, video chat, social networking, or blogging that occurs on College property or at any location, event or circumstance over which the College has substantial control over both the alleged Respondent and the context in which the conduct occurs.**

**Misconduct that occurs through the use of the above mediums and does not fall within the jurisdiction of this policy may still be investigated under the College’s Anti- Discrimination and Harassment Complaint Policy and Non-Title IX Policy Against Sexual Misconduct, Relationship Violence, and Stalking.

3. Attempting, Assisting, or Encouraging Prohibited Conduct

An attempt to commit any of the prohibited conduct identified in this policy, or assisting or willfully or knowingly encouraging such prohibited conduct, may also be considered a violation of this policy.

4. Retaliation

The College prohibits retaliation against any individual who makes or intends to make a report of sexual misconduct or Title IX sexual harassment under this policy or participates or intends to participate in the investigatory or disciplinary process under this policy. Retaliation in violation of this policy will be subject to disciplinary action.

5. Consensual Sexual or Romantic Relationships

Consensual relationships occurring between supervisors and subordinates or faculty and students can lead to circumstances which may be interpreted as sexual harassment. Consensual relationships may also be viewed as causing a hostile or offensive work or academic environment when other staff or students believe that the person(s) involved in the relationship(s) is/are receiving favorable treatment in employment or educational decisions and actions.

The College strongly discourages any sexual or romantic relationship between a faculty member and a student where the faculty member has authority or influence over, or responsibility for, that student. Similarly, the College discourages any sexual or romantic relationship between a supervisor and a staff employee, where the supervisor has authority or influence over, or responsibility for, that employee.

Consensual relationships among faculty and students or supervisors and staff where such authority, influence or responsibility exists are strongly discouraged. Any consensual relationships which create severe, pervasive and objectively offensive work or academic environments for other students or staff are prohibited.

E. Confidentiality

The College is committed to protecting the privacy of all parties involved in a report made under this policy, to the extent permitted by applicable law and subject to the College’s reporting obligations as described below. The College will treat all reports with sensitivity, and reports, investigations and findings of hearing proceedings will only be shared in compliance with this policy. Any interim or supportive measures will be kept as confidential as possible, and shared only on a need-to-know basis.

Information pertaining to reports made under this policy will be kept in a secure manner.

III. REPORTING VIOLATIONS OF THIS POLICY

Students, employees and third parties may file reports of violations of this policy with the Title IX Coordinator in person, by mail, telephone, or by email. They may also report violations of this policy to any other College employee. The contact information for the Title IX Coordinator is:

E-mail: TitleIX@ec3pa.org

Phone: 814-413-7000

Coordinator: Keri Bowman

A. Reporting to Other College Employees

The College understands that not every individual will be comfortable making a report to the Title IX Coordinator identified above, and some individuals will prefer to report allegations of potential violations of this policy to an employee of the College that he, she or they trust. For example, a student may choose to make a report to their instructor or counselor, or an employee may choose to make a report to their supervisor.

All College employees share in the responsibility of ensuring compliance with this policy and are mandated to report any and all allegations of sexual harassment and sexual misconduct to the Title IX Coordinator. Employees must report to the Title IX Coordinator all relevant details about the alleged violation that the individual has shared. The Title IX Coordinator will then

address the report in accordance with this policy.

B. Contents of a Report

An individual will be asked to provide as much detail as possible in making a report, including the name and contact information of the Complainant, the Respondent, and any witnesses (if known); the date, time, and location of the incident; a description of the prohibited conduct; supporting documentation or other evidence (pictures, texts, emails, etc.), if any; and any other information which would assist the College in appropriately investigating and responding to the report.

C. Anonymous Reporting

In order to maximize the College's ability to effectively investigate and respond to reports under this policy, the College encourages individuals to provide identifying information when filing a report under this policy. However, the College will accept anonymous reports. The College will make all reasonable efforts to investigate and respond to reports filed anonymously, however, the College may be limited in its ability to fully investigate and resolve the report depending upon the level of information available in the report.

D. Who May Report

Note that in addition to the filing of a report by a Complainant, anyone can file a report of an alleged violation of this policy, including a witness or a third party. While there is no required time frame for submitting reports under this policy, the College strongly encourages reporters to submit a report as soon as possible to maximize the College's opportunity to effectively investigate and respond to the report. Individuals who make a report pursuant to this policy will receive a copy of this policy or be provided with the link to this policy on the College's website.

E. Criminal Report

A Complainant who alleges to have been the victim of Sexual Assault, Relationship Violence, or Stalking also has the right to pursue criminal action against the Respondent, including seeking a protective order. Whether or not the Complainant chooses to seek criminal action is within the discretion of the Complainant. If requested by the Complainant, the College will provide reasonable assistance or other support in notifying law enforcement of the report. The College will cooperate with a criminal investigation to the extent permitted by law. The College reserves the right to notify law enforcement of reports made pursuant to this policy if the College determines that such notification is necessary to protect the health and safety of the College community or the public.

An individual may choose to pursue criminal action at any time. The College encourages individuals contemplating pursuing criminal action to consult with law enforcement as soon as possible after the alleged incident in order to ensure that any physical and other forms of evidence are preserved in as timely a fashion as possible.

Reports made pursuant to this policy are completely separate from a criminal investigation. Even if a criminal investigation is ongoing, the College will still conduct its own investigation in accordance with this policy. While the criminal investigation is pending, law enforcement may require the College to delay or otherwise temporarily limit its own investigation, which may delay the College's resolution of the report. The College will comply with any such request by law enforcement to the extent permitted by law, and continue with its investigation as soon as reasonably practicable.

F. False Report

A report made under this policy which is later found to be knowingly or intentionally false or made maliciously without regard for truth may be subject to disciplinary action. Reports made in good faith, even if the allegations are not substantiated, will not be subject to discipline.

Reports made pursuant to this policy which involve Dating Violence, Domestic Violence, Sexual Assault, and Stalking will be included in the College's annual report of crime statistics in the College's Annual Security Report, which is made available to the public, and to the U.S. Department of Education, as required by law. Reports of crime statistics do not include any personally identifiable information.

Finally, the College reserves the right to notify law enforcement of reports made pursuant to this policy if the College determines that such notification is necessary to protect the health and safety of the College community or the public.

H. When the Report Involves a Victim Under 18 Years Old

In the event that a report made under this policy involves reasonably suspected or actual child abuse or neglect, all College employees who are mandated reporters must report child abuse or neglect that they know about, see, or have reasonable cause to suspect first to the Pennsylvania Department of Public Welfare Child Line at (800) 932-0313, and then to College Security. The response shall either include a copy of the fee schedule in effect or notice of a web link to the fee schedule, a statement that prepayment of fees is required in a specified amount if access to the records will cost in excess of one hundred dollars (\$100.00), and the medium in which the records will be provided.

A public record shall be provided to the requester in the medium requested if it exists in that form; otherwise, it shall be provided in its existing medium. However, the College is not required to permit use of its computers.

The Right-to-Know Officer may respond to a records request by notifying the requester that the record is available through publicly accessible electronic means or that the College shall provide access to inspect the record electronically. If the requester, within thirty (30) days following receipt of the College's notice, submits a written request to have the record converted to paper, the College shall provide access in printed form within five (5) days of receipt of the request for conversion to paper.

If the Right-to-Know Officer determines that a public record contains information both subject to and not subject to access, the Right-to-Know Officer shall grant access to the information subject to access and deny access to the information not subject to access. The Right-to-Know Officer shall redact from the record the information that is not subject to access.

If the Right-to-Know Officer responds to a requester that a copy of the requested record is available for delivery at the office maintained by the Right-to-Know Officer and the requester does not retrieve the record within sixty (60) days of the College's response, the College shall dispose of the copy and retain any fees paid to date.

The Right-to-Know Officer, after consultation with the College President may make an otherwise exempt record accessible for inspection and copying if all of the following apply: (1) Disclosure of the record is not prohibited under any (i) Federal or State

law or regulation or (ii) Judicial order or decree; (2) the record is not protected by a privilege; and (3) the College President

determines that the public interest favoring access outweighs any individual, agency or public interest that may favor restriction of access.

Notification to Third Parties

When the College produces a record that is not a public record in response to a request, the Right-to-Know Officer shall notify any third party that provided the record to the College, any person that is the subject of the record, and the requester.

The Right-to-Know Officer shall notify a third party in writing of a record request if the requested record contains a trade secret or confidential proprietary information within five business days from receipt of the record request. If a record has been previously designated as containing a trade secret or confidential proprietary information, written notice of the need for a thirty day extension of time should be provided to the requestor. The written notice to the third party shall advise that the third party has five business days from the date the third party receives notification from the College to provide input on the release of the record.

If a record has been previously designated as containing a trade secret or confidential proprietary information, access to that portion of the record shall ordinarily be denied unless the third party consents in writing to the release of the previously designated trade secret or confidential proprietary information. Release of information previously designated as containing a trade secret or confidential proprietary information should only be made after review by the College's solicitor.

Denial Of Request

If the Right-to-Know Officer denies a request for access to a record, whether in whole or in part, a written response shall be sent within five (5) business days of receipt of the request. The response denying the request shall include the following:

1. Description of the record requested.
2. Specific reasons for denial, including a citation of supporting legal authority.
3. Name, title, business address, business telephone number, and signature of the Right-to-Know Officer on whose authority the denial is issued.
4. Date of the response.
5. Procedure for the requester to appeal a denial of access.

The Right-to-Know Officer may deny a request for access to a record if the requester has made repeated requests for that same record and the repeated requests have placed an unreasonable burden on the agency.

The Right-to-Know Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record. To the extent possible, a record's contents shall be made accessible even when the record is physically unavailable.

If a written request for access to a record is denied or deemed denied, the requester may file an appeal with the state's Office of Open Records within fifteen (15) business days of the mailing or transmittal date of the Open Records Officer's response or deemed denial.

The address of the Office of Open Records is as follows:

Office of Open Records

Under Federal Executive Order 11246 as amended, protected minority groups are defined as African Americans, Asian Americans, Hispanic Americans, and Native Americans. Policy II.B.4 Copyright Compliance

Erie County Community College requires all students and employees to comply with applicable federal, state, and local laws governing copyrighted materials, which grant authors, publishers, and creators control over the copying, distribution, transmission and performance of their original works. The College acknowledges the Fair Use doctrine (section 107 of the U.S. Code Title 17 on Copyright) and the responsibility of the College to provide information and guidance to students and employees. Copying of materials or other uses not specifically allowed by the law, fair use, license agreement, or the permission of the copyright holder is strictly prohibited. Students or employees who willfully disregard the copyright policy are in violation and do so at their own risk and assume all liability. If the reproduction of the copyrighted material does not meet the fair-use guidelines, written authorization must be obtained.

The Four Factors that Govern Fair Use:

- The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes
- The nature of the copyrighted work
- The amount and sustainability of the portion used in relation to the copyrighted work as a whole
- The effect of the use upon the potential market for or value of the copyrighted work

The College will:

- Inform students and employees about the application of the four factors governing fair use.
- Provide notice to students that materials used in connection with courses may be subject to copyright protection.
- Assist employees, if requested, in obtaining permission to use copyrighted materials.

TEACH Act

The Technology, Education and Copyright Harmonization (TEACH) Act amends Sections 110(2) and 112 of the Copyright Act of 1976 to give instructors at accredited nonprofit educational institutions greater flexibility to use third party copyrighted works in online course delivery.

The Act permits the display and performance of virtually all types of works during online instruction without the consent of the copyright owner, provided that:

- The online instruction at an eligible institution is mediated by an instructor
- The transmission of material is intended only for receipt by the students enrolled in the course, regardless of where the students are physically located
- The institution employs measures to prevent “retention of the work in accessible form by recipients of the transmission for longer than the class session”
- The institution employs measures that limit the transmission of the material to students enrolled in the particular course and precludes unauthorized student retention and/or downstream redistribution “to the extent technologically feasible”
- Use of the material is clearly for educational, not entertainment purposes

PROCEDURES

Every attempt will be made to assist students and employees who need information so that they can remain in good standing with copyright law.

GUIDELINES

Erie County Community College students or employees using copy machines or other devices for reproduction of any material are responsible for familiarizing themselves with provisions of the copyright law and fair-use guidelines before copying or reproducing any material. To this end, copies of the law and guidelines will be prominently displayed near copying or other reproduction devices wherever they are permanently installed.

Policy II.B.6: Use and Duplication of Software

Erie County Community College forbids, under any circumstances, the unauthorized reproduction of software or the use of illegally obtained software. Using College equipment to make illegal copies of software is prohibited. Employees and students of the College who violate this policy are subject to disciplinary action. Individuals who violate federal copyright law and software licensing agreements may also be subject to criminal action and/or civil action by the owner of the copyright. The College purchases or licenses the use of copies of software from a variety of outside companies. The College does not own the Copyright to this software or its related documentation and, unless authorized by the software developer or copyright Owner, does not have the right to reproduce it for use on more than one computer. The College will make a reasonable effort to correct any discovered instances of illegal software by deleting it. The College will not defend or indemnify any employee or student of the College who makes unauthorized copies of software programs or otherwise violates the terms on which any software programs are licensed. Individuals are responsible for familiarizing themselves with the copyright provisions of the software they use.

Erie County Community College, along with many other colleges and universities, supports the following statement from the 1987 brochure entitled "Using Software," distributed by EDUCOM (a non-profit consortium of over 450 colleges and universities):

1. Respect for intellectual labor and creativity is vital to academic discourse and enterprise. This principle applies to works of all authors and publishers in all media. It encompasses respect for the right to acknowledgment, the right to privacy, and right to determine the form, manner, and terms of publication and distribution.
2. Because electronic information is volatile and easily reproduced, respect for the work and personal expression of others is especially critical in computer environments. Violations of authorial integrity, including plagiarism, invasion of privacy, unauthorized access, and trade secret and copyright violations, may be grounds for sanctions against members of the academic community.

Employees and students of the College are required to adhere to any specific conditions or restrictions required by the licensing agreements for software programs purchased or licensed with College funds. In addition, the following general conditions apply:

1. It is illegal to copy a software program, such as but not limited to Office Applications Tools or Suites, Database Processing Tools, Anti-Virus Utilities, or Operating Systems, and install that single program for simultaneous use on more than one machine except where specifically licensed otherwise.
2. Unauthorized copies of software programs may not be used knowingly on College equipment. This applies even though the individual may not have made the illegal copy.
3. Employees and students of the college are prohibited from making, assisting in making, or knowingly using illegal copies of software on college equipment.
4. Employees and students of the college are permitted to make an archival (i.e., back-up) copy of a software program unless prohibited by the software licensing agreement, but any copy so created must be used solely for archival purposes and all archival copies of a particular computer program must be destroyed if the continued possession of that computer program ceases to be rightful.

Under U.S. copyright law, unauthorized software duplication constitutes "copyright infringement" and is punishable by a fine of up to \$250,000 and imprisonment for up to five years. Federal law also permits the recovery of "actual damages" sustained by the copyright owner, based on the number of copies produced. However, even if the copyright owner is unable to prove "actual damages", it may be entitled to "statutory damages" ranging up to \$100,000 for willful copyright infringement.

Policy II.B.7: Acceptable Use Policy for Interactive Systems

In support of its mission, Erie County Community College provides access to computing and information resources for students, faculty, staff, members of the Board of Trustees and other parties that may be given access to the College's interactive systems within institutional priorities and financial capabilities. Interactive systems are defined as those devices that are connected to the College network infrastructure whether directly or remotely. This is to include all equipment connected to the College network for the use of data transmission or processing using the College infrastructure. Remote connection may be accomplished via dial-in, VPN or other secure methods.

All members of the College community who use the College's computing and information resources are responsible to safeguard the integrity of these resources, respect the rights of other computing users, and abide by all pertinent license and contractual agreements. It is the policy of Erie County Community College that all members of its community act in accordance with these responsibilities, any relevant laws and contractual obligations, and the highest standard of ethics and integrity.

Social networking services/sites can provide a virtual community external to the College. Members create their own online "profile"

with biographical data, pictures, likes, dislikes and any other information they choose to post. They communicate with each other by voice, chat, instant message, videoconference and blogs, and the service typically provides a way for members to contact friends of other members. Examples include but are not limited to Facebook, LinkedIn, Instagram, etc.

The use of information technology must remain in keeping with the philosophy and mission of Erie County Community College. Users must abide by this and any other relevant policies, procedures and guidelines.

The College also recognizes federal, state, and local laws in regard to copyright, privacy, or any other statutes that relate to the online environment, as binding upon users of the College's interactive system as well as employees identifying an affiliation with the College when using any social networking service.

Erie County Community College's interactive systems are intended for use as an educational tool, and as such supports the teaching, learning, research, community engagement and campus activities of the College community and facilitates the management of administrative functions. The College, therefore, provides students, faculty and staff and others access to the technology resources and interactive systems of the College. This policy applies to all users of the College system and any others to whom the College wishes to make the system available.

The College makes no guarantees of any kind, either express or implied, that the functions or the services provided by or through the College's system will be error-free or without defect. The College will not be responsible for any damage users may suffer, including, but not limited to, loss of data or interruptions of service. The College is not responsible for the accuracy or quality of the information obtained through or stored on the system. The College will not be responsible for financial obligations arising through the unauthorized use of the system.

The College's Director of Information Technology will oversee the College's system by working with other College officials, government agencies and appropriate regional, state and national organizations as necessary.

The use of the College's interactive systems is a privilege, not a right, and inappropriate use can result in a termination or suspension of some or all of those privileges. Users will be expected to abide by generally accepted rules of network etiquette.

Privacy

While the College does not intend to routinely review the contents of files on the system, the College will engage in routine maintenance and monitoring of the system. Accordingly, system users should have no expectation of privacy using the College's system, including personal e-mail messages and other data files.

Routine maintenance and monitoring of the system may lead to the discovery that a particular user has or is violating the College's Acceptable Use Policy, or applicable law. The College will cooperate fully with local, state, and federal officials in any investigation concerning or relating to any illegal activities conducted through the College system.

An individual search will be conducted if there is reasonable suspicion that a user has violated the law or the College's Acceptable Use Policy. The nature of the investigation will be reasonable and in the context of the nature of the alleged violation. College employees should be aware that their personal files (including personal e-mail messages) may be discoverable in court or agency proceedings and possibly elsewhere.

Use of the College system to access or attempt to access student or employee information for any use not job-related violates College policy along with state and federal laws. Confidential information, whether it relates to students, employees, or others shall not be disclosed or distributed using the College system or by employees identifying an affiliation with the College when using any social networking service. Exceptions are activities which are in accordance with College policy and federal laws, such as the Family Education Rights and Privacy Act (FERPA), Health Insurance Portability and Accountability Act (HIPAA) and Gramm-Leach Bliley Act. Federal Laws pertaining to confidentiality of information can be accessed by each federal law's web-site. Users must not post, transmit, re-post, or re-transmit private information about another person or organization on the College's system without first obtaining the permission of that person or organization.

Employees are prohibited from using a College-provided or personal cell phone or Smartphone camera or video recorder to take, transmit, download, or upload to social networking or video sites either for business reasons or for non-business purposes any photos or videos of College employees, vendors, officials or students without their consent.

Unacceptable Use

Under no circumstances may users attempt to gain unauthorized access to the College's interactive system or to any other computer system through the College's system, or to go beyond their authorized access. This includes attempting to log in through another person's account or accessing another person's files.

Users must not make deliberate attempts to disrupt the College's computer systems' performance or destroy data by introducing or spreading computer viruses or by any other means.

Users must not use the College system to access material that advocates illegal acts, or that advocates violence or discrimination towards other people.

Employees identifying an affiliation with the College may not post content or conduct activities that fail to conform to local, state, and federal laws when using any social networking services.

Under no circumstances will users access the College system to engage in any other illegal act.

System Security

Users are responsible for the use of their individual account and must take all reasonable precautions to prevent others from being able to access or use their account. Under no conditions should a user provide his/her password to another person.

Users must immediately notify the system administrator if they have identified a possible security problem. Users will not attempt to investigate or correct a security problem. Such activity may be construed as an illegal attempt to gain access.

Users must not knowingly post, transmit, re-post or re-transmit information on the College's system that, if acted upon, could spread a virus, cause damage or a danger of disruption.

Inappropriate Language

Members of the College community, as individuals and groups, have the right to exercise their full freedom of expression and association. The College neither sanctions nor censors individual expression of opinion on its systems. The College is committed to creating an educational environment that is free from intolerance directed towards individuals or groups. Respect for rights, privileges, and sensibilities of each other are essential in preserving the College community. There is a wide range of material available on the Internet, some of which may conflict with the particular values of students and employees. The College cannot accept responsibility for any individual user's accessing offensive materials through its computer systems.

Users must not engage in libel, slander, or harassment in violation of College policies, or the use of threatening language.

Users must not knowingly or recklessly post, transmit, re-post, or re-transmit false or defamatory information about a person or organization on the College's system.

The College discourages the use of language that embarrasses or intimidates others.

Inappropriate Activities

Users must not use the College system to access material that is profane or obscene (including pornography). For students, a special exception may be made for potentially inappropriate material if the purpose of such activity is to conduct research and access is approved by the instructor. College employees may access the above material only in the context of legitimate research. Users must not look at, copy, alter or destroy anyone else's personal files without express permission. The ability to access a file or other information does not imply permission to do so.

Users may not use the College system for commercial purposes, defined as offering or providing goods or services for sale or barter to others or purchasing goods or services for personal profit. The College acquisition policies will be followed for purchasing online any goods or services for the College.

Users may not use the system for political lobbying, that is, to express their opinion on political issues to their elected representatives, or to urge others to do so, unless this communication is in support of the academic mission of the College. Students may also use the system to express their opinions to elected officials on political issues if those communications are made in connection with an educational assignment.

Use of College Name, Logo or Seal

Users of the College system, as well as employees identifying an affiliation with the College when using any social networking service, may not use the College's name, logo, or seal in their Pages in any way that implies College endorsement of other organizations, products or services, without first obtaining written permission from the College.

Users may not use College logos or trademarks, including the College seal, without first obtaining written permission from the College.

Social Networking

Employees identifying an affiliation with the College when using electronic social networking services are also bound by all provisions of this policy.

The College recognizes that some employees may, for personal reasons, access, view, operate, and post, download, or upload content to external social networking sites and video sites on their own time via their own computer equipment.

Employees identifying an affiliation with the College when using electronic social networking services must post the following disclaimer; "The opinions expressed on this social networking profile (video site) are my own personal opinions. They do not reflect the opinions of my employer, Erie County Community College."

Complaints

Individuals who have a complaint or a grievance on matters related to this policy, should contact the College's Director of

Information Technology. The Director of Information Technology will determine the appropriate College office or department to hear and/or investigate the complaint or grievance.

Policy II.B.8: Policy for Responsible Computing

In support of its mission of teaching, learning, research, student support and community engagement, Erie County Community College provides access to computing and information resources for students, faculty and staff, within institutional priorities and financial capabilities. All members of the College community as well as visitors and guests who use the College's computing and information resources are responsible for the integrity of these resources.

All users of College-owned or College-leased computing systems must respect the rights of other computing users, respect the integrity of the physical facilities and controls, and abide by all pertinent license and contractual agreements. It is the policy of Erie County Community College that all members of its community act in accordance with these responsibilities, relevant laws and contractual obligations and the highest standard of ethics and integrity.

Access to the College's computing facilities is a privilege granted to College students, faculty and staff and some visitors and guests. Access to College information resources may be granted by the designated administrators of the information based on that administrator's judgment of the following factors: relevant laws and contractual obligations, the requestor's need to know, the information's sensitivity and the risk of damage to or loss by the College.

The College reserves the right to limit, restrict or extend computing privileges and access to its information resources. Designated data owners--whether College units, faculty, students or staff--may allow individuals other than College faculty, staff and students access to information for which they are responsible, so long as such does not violate any license or contractual agreement, College policy or any federal, state, county or local law or ordinance. If there are any questions about potential violations, contact the Chief Information Officer of the College.

College computing facilities and accounts are to be used for College- related activities for which they are assigned. College computing resources are not to be used for commercial purposes or non-College-related activities without written authorization from the College. In these cases, the College may require payment of appropriate fees. This policy applies equally to all College-owned or College-leased computers.

Users and system administrators must all guard against abuses that disrupt or threaten the viability of all systems, including those at the College and those on networks to which the College systems are connected. Access to information resources without proper authorization from the data owner, unauthorized use of College computing facilities, and intentional corruption or misuse of information resources are direct violations of this Policy and may subject the violator to disciplinary action.

Users of the College's computing resources or facilities have the following responsibilities

1. To use the College computing facilities, and information resources, including hardware, software, networks and computer accounts, responsibly and appropriately, respecting the rights of other computing users and respecting all contractual and license agreements.
2. To use only those computers and computer accounts for which authorization has been granted.
3. To use College assigned user accounts only for the purpose(s) for which they have been issued, and to use College-owned computers/devices for College related projects only.
4. To refuse to share computer accounts and to take reasonable steps to protect the confidentiality of each account's password, changing it when required and/or once security has been breached.
5. To report unauthorized use of accounts to the appropriate college authority (e.g., project director, instructor, supervisor, system administrator).
6. To cooperate with system administrator requests for information about computing activities. Under certain unusual circumstances, a system administrator is authorized, and reserves the right, to access individual computer files when it is the administrator's opinion that such action is necessary.
7. To take reasonable and appropriate steps to see that all hardware and software license agreements are faithfully executed on any system, network or server operated.
8. To take responsibility seriously for one's own work performed on a computer. For example, ensure data is saved on a network drive to ensure that backup has occurred and to provide security of one's data.

Access and use violations of computing facilities, equipment, software, information resources, networks or privileges may result in the loss of privileges, disciplinary action and prosecution under appropriate laws.

The hotel receipt and related documentation must be submitted to the Controller's Office immediately upon return from travel.
- c. Upon arrival at the hotel, the traveler must use their own method of payment (e.g. personal credit card) to guarantee payment for any charges above the negotiated room fee (e.g. pay-per-view, personal telephone calls, and in-room bar, dining to the extent in excess of the meal allowance below, among others).

Subsection E: General

Policy III.E.3: Outside Employment

I. INTRODUCTION AND DEFINITIONS

Erie County Community College of Pennsylvania (ECCCPA) recognizes that outside work, in modest amounts of time and service, can advance the professional development of an individual and magnify the College’s contribution to society. However, proper performance of College duties may be hampered by outside employment. ECCCPA’s outside employment policy is designed to provide guidance on the College’s expectations with respect to any conflict of interest experienced and to prevent interference with performance of College duties.

Outside employment is defined as working for another employer, being self-employed, or providing consulting arrangements or paid board services.

An outside employment conflict of interest may be defined as any situation in which outside employment would or could reasonably be perceived to conflict with the best interests of ECCCPA or with the employee’s performance of College duties.

II. POLICY

Erie County Community College of Pennsylvania is a public institution with a critical educational mission. Therefore, ECCCPA full time employees place their primary focus on their jobs with the College and avoid any conflict of interest or the appearance of conflict of interest with those primary responsibilities. Outside or additional employment should be limited to the extent that it could jeopardize that primary focus or could present a real or apparent conflict of interest. Part time employees’ outside employment similarly must not interfere with the expectations of a College part time assignment.

Regular full-time employees should not take paid employment outside the College which might affect their performance on the job at ECCCPA, constitute a conflict of interest, cause work schedule conflicts, result in the misuse of College resources, and/or otherwise have an adverse effect on the College.

College resources (e.g. supplies, facilities, equipment, staff) may not be charged to or supplied by the College for outside employment.

Employees who wish to participate in outside and/or additional employment are required to disclose their intent to their immediate supervisor and to Human Resources, prior to the inception of such employment, to ensure the activity does not conflict with their primary

job and to avoid conflict of interest or the appearance of conflict of interest with their responsibilities at ECCCPA. The College reserves the right to disapprove of any such employment that would reflect negatively upon the institution, adversely affect the employee's performance of college duties, or present any conflict of interest issues.

SECTION IV. Academic Affairs

Subsection A. Student Learning

Policy IV.A. 1. Assessment of Student Learning Outcomes

The College is committed to maintaining standards of excellence, providing students the opportunity to learn what the College and disciplinary fields expect. Student Learning Outcomes will be developed at the course, program and institutional level, to include General Education. These learning goals, objectives and outcomes shall include what students are expected to know, understand and/or be able to do after completion of courses and programs. These outcomes must be observable, measurable and able to be demonstrated. The documentation of Student Learning Outcomes provides focus and direction for curriculum design and student learning outcomes assessment.

The faculty shall utilize data regarding student learning to support the quality, effectiveness and continuous improvement of academic courses and programs. This data shall ensure that students are learning what we want them to learn, and will provide the basis for making programmatic improvements based on assessments.

Development of plans for assessment of Student Learning Outcomes in courses, degree and certificate programs and at the institutional level shall involve faculty, academic departments, and other Academic units as appropriate. Assessment plans shall include a periodic review process. The process shall provide evidence of student learning, highlight steps where improvement is needed and demonstrate where learning has improved. Assessment shall be an ongoing effort for continuous improvement of student learning. In addition, results shall be used to review the assessment process itself. The College will post the Student Learning Outcomes for all programs as appropriate.

Policy IV.A.2: Assignment and Use of Grades

Students officially enrolled in a class by the end of the semester must be assigned a final grade for the class by the course instructor. The primary purpose of a grading system is to document evaluation of student learning and inform the student of his or her academic progress.

The following represents grading standards at the College:

- A = Academic achievement of superior quality 4.0
- B = Academic achievement of high quality 3.0
- C = Academic achievement of satisfactory quality 2.0
- D = Academic achievement of minimal quality required for course credit 1.0
- F = Academic achievement below the minimum required for course credit. 0.0
- W = Official Withdrawal. No course credit. 0.0
- I = Incomplete. See below for Incomplete Grade policy.
- AU = Audit. No course credit. 0.0

Grades may be withheld if all financial commitments to the College have not been met. A student who earns a grade of D or F in a course may repeat the course one time; the approval of an Academic Dean is required for the student to repeat the course more than once. A student who earns a grade of B or C in a course may repeat the course but only with an Academic Dean's approval. The original final grade earned in a repeated course will appear on the transcript but only the most recent grade, also transcribed, will count toward the G.P.A. (grade point average).

Students may access semester grades and transcripts and shall be notified of the grading system and requirements for academic credit courses by publication in the course outline, course catalogs and student handbooks and/or other means of communication approved by the administration. Students will be responsible for being cognizant of grading policies and requirements, and changes or revisions made to such requirements, in the instructional program or programs in which they are enrolled.

Incomplete Grade

After 75% of the course time has been completed and prior to the last class meeting, students with satisfactory academic standing who are unable to complete their coursework due to valid, unforeseen circumstances can seek an incomplete grade of I with the permission of the instructor. If the request is approved, the instructor shall provide an agreement of the work to be completed and the student must complete the appropriate institutional form. The deadline for completing the course requirements shall be no more than 90 days after the final day of the semester in which the Incomplete grade was issued. An I grade shall be changed to an F grade when the agreement of work is not satisfied or when more than 90 days from the final day of the semester have elapsed.

IV.B.1. Advisory Committees

To ensure quality and relevant programs and curricula, with strong connections to the broader community, each certificate and degree program shall establish a local advisory committee. The main purpose of these committees shall be to help ensure that knowledge and skills students receive in the program are current with what is needed in the workforce or area of study.

Committee recommendations may include but are not limited to curriculum development and review, assessment of community needs, projected industry standards and employment competencies, emerging trends in the field of study, student placement opportunities, student research opportunities and or internships, experiential learning opportunities, assistance in identifying facilities and obtaining equipment, student recruitment and legislative or financial support.

Each Committee will meet, at minimum, once per academic year. Based on the needs of the program area, additional meetings may be scheduled as needed.

Guidelines for selection of the Committee chair and terms of appointment shall be developed by appropriate College officers.

Policy IV.B.2: Course/Curriculum Development and Approval

The Middle States Commission on Higher Education sets standards for design and delivery of the student learning experience: An institution shall provide students with learning experiences that are characterized by rigor and coherence at all program, certificate, and degree levels, regardless of instructional modality. All learning experiences, regardless of modality, program pace/schedule, level, and setting shall be consistent with higher education expectations.

This policy sets the minimum requirements to approve a new credit course or program in order to ensure that the College meets the requirements of Pennsylvania Department of Education regulations as defined by Chapter 35 and 335 (effective July 1, 1997) as well as Middle States Commission on Higher Education accreditation standards and quality measures.

All credit courses and programs must reside in an academic unit. Faculty shall bear responsibility for developing courses and programs, followed by administrative review and approval. Final approval shall reside with the College President.

All courses and curricula shall include clearly defined student learning outcomes and plans for evaluation of these outcomes. These outcomes will in turn generate activities and assignments for the course and/or program being developed. Associate degree programs shall be designed to ensure that students have received a broad educational experience through the development and implementation of general education requirements and competencies that support the College's mission and goals. All certificate and degree programs shall be designed to foster a coherent student learning experience and to promote synthesis of learning. Courses and curricula shall be designed to create a vibrant intellectual experience, expand awareness, and prepare students to make well-reasoned judgments outside as well as within the curricular area. Curricula shall further be developed to ensure that students acquire and demonstrate essential skills including at least oral and written communication, scientific and quantitative reasoning, critical analysis and reasoning, technological competency, and information literacy.

Policy IV.B.3: Course Syllabus Adoption and Use

Instructors shall provide a course syllabus to each student at the first meeting of the course. Syllabi shall also be made available electronically. The syllabus becomes the contract between the instructor and student for student learning outcomes, assignments, methods of assessment, and attendance policies. The course syllabus must clearly communicate and include the approved course title and description, credit hours awarded, faculty name and contact information, required course materials, measurable course level student learning outcomes, course objectives, major assignments, grading policies that include assessment methods and grading scale, attendance policies, course schedule, and an overview of College policies and services to include information on the Student Academic Code of Conduct and accessibility accommodations.

If there is a standard syllabus approved for a course, faculty shall be required to use the approved syllabus. Individual syllabi must be turned in to and approved by the academic unit prior to the start of each semester the course is offered and faculty shall teach according to the syllabus.

Syllabi should be reviewed annually by those faculty members teaching that course and appropriate changes made to reflect changes to include textbook selection, catalog changes or to add information to ensure the syllabus is current. If a standard syllabus is developed, it shall be approved during the semester prior to the course being taught for the first time.

Policy IV.B.4: Textbook and Course Materials Adoption

Appropriate course learning materials to include textbooks in digital or print formats, are essential to ensuring students have full access to the instructional process. Depending on the nature of the course such appropriate materials may vary. Further, the College recognizes that the cost of textbooks and course materials may create a significant barrier to student learning, retention and success. This Policy creates a college-wide framework for ensuring timely, cost-effective and high-quality textbook and course material adoption. The Higher Education Opportunity Act (HEOA) of 2008 and amended in 2010, includes provisions whose primary objectives are to increase transparency in textbook pricing, to provide more time to comparison shop for classroom resources, and to contribute to lower-priced textbooks for students. In the spirit of HEOA, academic units are encouraged to adopt their textbooks and materials for at least two academic years based on the "ideal textbook life cycle"; the more times a textbook can be sold as used, the greater the cost savings for students.

Academic units are encouraged to consider OER, Open Educational Resources whenever appropriate.

To standardize the textbook adoption procedure each academic unit shall establish common textbook requirements for each course. It is preferred that all delivery methods use the same text, but in some cases such as online learning, alternative digital material may be preferable. Individual faculty members may require supplemental texts and or material for their course(s) with the approval of the Dean.

Deans will be responsible for ensuring that all pertinent courses under their authority have adoptions submitted by required deadlines. If an adoption is not received by the deadline, materials previously used for the course will be authorized.

Textbooks or course materials should be selected for adoption for a course based on consensus of the faculty whenever possible. If a consensus cannot be reached, the Dean will be responsible for making the selection. If only one instructor exists for a course, they may select the textbook or course material to be adopted.

Policy IV.B.5: Course and Program Review and Evaluation

This policy sets the minimum requirements to modify or delete an existing credit course or program in order to ensure that the College meets the requirements of Pennsylvania Department of Education regulations as defined by Chapter 35 and 335 (effective July 1, 1997) as well as the Middle States Commission on Higher Education accreditation standards and quality measures. Periodic assessment of the effectiveness of programs providing student learning opportunities is essential to ensuring and maintaining a quality learning experience for students.

Faculty shall bear responsibility for revising courses and programs and all proposed additions, modifications and deletions shall be reviewed and approved by appropriate administrative channels. Final approval shall reside with the College President. Provisions must be made to ensure enrolled students in a program of study are not prevented from completing the program of study as a direct result of the requirements implemented with a program addition, modification or deletion.

All courses and programs shall be reviewed and assessed on an approved periodic basis. Such review shall be clearly defined, organized and systematic, conducted by faculty and/or appropriate professionals, evaluating the extent of student achievement of course and curricular goals. Assessment results shall be used for the improvement of educational effectiveness.

When a course section is withdrawn from the schedule, a student actively enrolled in that course at the time of withdrawal will be given full refund of tuition and the fees associated with the course. Students will be notified when such cancellations occur and are encouraged to speak to an advisor to discuss alternative course selections.

Policy IV.B.7: Academic Program Discontinuation

The College recognizes that its academic programs must be responsive to the needs of the students and the community it serves in support of its mission. To that end, the College periodically reviews its academic programs to ensure quality and/or viability. Such reviews may result in the recommendation to discontinue a particular academic program. The final authority to discontinue an academic program rests with the College President and/or his or her designee.

Provisions shall be made to ensure that students enrolled in an academic program being discontinued are not prevented from completing that program in a reasonable amount of time, and a smooth transition for students is identified. Students shall be encouraged to consult with College faculty and/or advisors to design an educational plan in order to complete coursework prior to the program's discontinuation.

Policy IV.C.2: Student Academic Leaves and Administrative Withdrawals

This policy is intended to provide options for students who may have experienced an unexpected event which has interfered with his/her ability to successfully complete required coursework. A student may request an academic leave of absence at any time after the add/drop date has passed for that term. However, a leave cannot be applied retroactively to previous terms.

An academic leave allows the student experiencing extraordinary circumstances to temporarily suspend their academic and any extra-curricular participation at the College without losing any standing they may have at the College. These circumstances shall include but not be limited to serious illness, injury, or another significant personal situation which prevents a student from continuing their classes.

An academic leave may also be granted to students who are severely ill and their presence on campus constitutes a threat to the health and safety of the campus community.

Students are encouraged to work with an advisor or other appropriate College personnel to understand their options and make an informed decision as to whether an academic leave is in the student's best interest.

Students on an approved leave shall be treated as enrolled students for the purposes of financial aid repayment and the use of campus resources but will be enrolled in no credits while on leave. Students will not receive financial aid, will not be eligible for student employment, or able to participate in extracurricular activities.

For limited entry programs, students may not be able to start the program immediately after returning from leave due to the cohort nature of these programs.

Students enrolled in programs which have state mandated Leave of Absence procedures will be required to follow the state mandated procedures for requesting an academic leave and for re enrolling.

To qualify for an academic leave a student must be in good standing.

Academic leaves shall be granted for up to 180 days within a 12-month period which starts on the day the leave is approved. Leaves may be extended beyond this timeframe if the circumstances of a student's situation warrant. However, due to Federal Financial Aid regulations leaves of absence greater than 180 days may affect a student's financial aid and loan repayment. A student should work with an advisor or other appropriate College personnel to fully understand the consequences of a leave greater than 180 days. Authorization in writing shall be obtained for approved academic leaves. If granted, the withdrawal will be recorded as such on the student's official transcript. Tuition refunds shall be issued to students who officially withdraw during the refund period in accordance with College refund policy. If the student disagrees with the decision made regarding their request, they may appeal the decision to appropriate College personnel following the College procedures.

Students who are registered for courses and who have been deployed or reassigned for military service may withdraw from a course(s). The student shall provide copies of deployment orders and submit a request for withdrawal. Regardless of whether the request is made during or after the Drop/Add period, no charges shall be assessed for the term. If the student does not have deployment orders, the student must follow standard College withdrawal policy and procedures.

A student who is being administratively withdrawn from a course or program by a faculty member shall be notified of the decision

and its consequences. A student appealing this decision shall follow the College's approved appeal procedure. Faculty shall not initiate an administrative withdrawal in an arbitrary or capricious manner. Efforts shall be made to set reasonable accommodations for the student to be able to remain in the course of program if feasible. Faculty-initiated withdrawals may be submitted, but only after the 20% attendance reporting period, and before the end of the eleventh (11th) week of a 15-week term, or the equivalent of the eleventh (11th) week of a shorter term. During this time, and only after a student has been absent from class for a number of days equal to two (2) weeks or more of a 15-week term, or the equivalent of two (2) weeks or more of a shorter term, may the instructor initiate a withdrawal.

A student can withdraw from a course or courses without academic penalty up to and including the eleventh (11th) week of a regular term, and up to and including the equivalent of the eleventh (11th) week in a nonstandard term.

Policy IV.C.3: Student Academic Appeals

A student may appeal a final grade if he or she believes the grade has been conferred in error or in a prejudiced or capricious manner. The responsibility of the burden of proof rests with the student, including producing any documentation used for calculating the final grade. In situations where the instructor has maintained possession of documentation relating to a final grade, the instructor will be responsible for producing this documentation.

The student shall first meet with the faculty member to review the criteria applied in assigning that grade. The student must initiate this appeal within thirty (30) calendar days after the student's final grade has been posted.

A student may also appeal a recommendation by the faculty in a specific curriculum for an administrative withdrawal from a course/ curriculum on the basis of a claim that the faculty's withdrawal recommendation was capricious or prejudiced.

Should the appeal be denied, the student may appeal to appropriate College personnel using College appeals procedures. The decision of the College administration shall be final.

Policy IV.D.2: Academic Freedom

Erie County Community College fosters an environment for excellence in teaching, learning, and inquiry by sustaining freedom of expression, scholarly pursuit of knowledge, spirited and open debate, and intellectual exchange in a culture of mutual respect.

Academic freedom is essential to the shared goal of the pursuit of knowledge and is fundamental to the exploration of new ideas. It is defined as the individual's right to engage in intellectual debate, research, speech, or written or electronic correspondence, on and off campus, without fear of censorship, retaliation, or sanction. Academic freedom encompasses both the individual's and College's right to maintain academic standards and ensure intellectual integrity, while ensuring faculty members' rights to freedom of discussion in the classroom, encourage intellectual integrity, sustain pedagogical approaches consistent with the discipline taught, and evaluate student work.

Academic freedom does not involve expression that substantially impairs the rights of others or the imposition of political, religious, or philosophical beliefs on individuals of the college community. Such disclosure shall be made when it can be reasonably concluded that a patentable subject matter has or will be created, and sufficiently in advance of any publications, presentation, or other public disclosure to allow time for possible action that protects rights to the intellectual property for the creator and the College. Except as set forth below, the creator of patentable intellectual property shall retain his/her rights, and the College shall not assert ownership rights.

Policy: V.A.2: Academic Standing

The College is committed to the academic success of its students. This Academic Standing Policy is designed to ensure that students make adequate progress toward a degree. Students are expected to be in good academic standing to continue at the College. The grading system at the College is a letter system with associated quality points, which are used to compute cumulative grade point averages as follows. A=4, B=3, C=2, D=1, F=0. Developmental and non-credit courses will not be calculated in the student’s cumulative grade point average (GPA). A student’s academic standing is determined by the GPA required to meet academic standards based on credits successfully completed at the College. Students with a cumulative GPA of 2.0 or above are considered in Good Academic Standing.

Credits Hours Toward GPA*	Academic Warning Cumulative GPA	Academic Probation Cumulative GPA
Fewer than 17 credits	Below 2.0	N/A
17-34 credits	1.8 or greater and below 2.0	Below 1.80
More than 34 credits	N/A	Below 2.0
<i>*Credits Hours toward GPA include all letter grades (“A” through “F”)</i>		

NOTE:

- The federal government has established regulations regarding satisfactory academic progress and eligibility for Financial Aid. These standards are separate from the College's policy on academic standing.
- Students in selective programs may need to meet additional program requirements to be considered in good academic standing. Refer to the program policies for specific information.

Students whose cumulative GPA falls below a 2.0, but above the probationary level, are considered to be on Warning Status, as shown in the table above. Students on Warning Status are encouraged to take advantage of College support services.

A student is placed on Academic Probation if his/her cumulative GPA falls below the designated Probation threshold as listed in the table above. Students have two consecutively enrolled semesters including semesters of attendance, not to include summer sessions, to raise their GPA to a level above Probation. Students are encouraged to take advantage of the College's support services for assistance. A student who does not raise his/her GPA above Probation after two consecutively enrolled semesters of attendance will have to stop out for one semester during which time the student is encouraged to use the College's support services for assistance.

The College shall establish an Appeals process to enable students to request reconsideration of the requirement to stop out for a semester.

Policy V.A.3: Assessment and Testing

The College shall create accessible pathways to enrollment in college level courses to include using multiple measures beyond standardized testing practices for placement.

Placement testing is the process by which the College evaluates incoming students to determine their reading, writing, mathematical and other basic skills. Appropriate placement in courses serves to maximize students' opportunities to succeed academically.

Placement testing is mandatory for full-time and part-time credit students. A process shall be developed by which students may be deemed exempt from the placement testing requirement using multiple measures.

As there is no one approach to using multiple measures that is appropriate for all students, the College shall develop a comprehensive approach which includes non-cognitive assessments as part of the placement process.

These practices and measures shall include but not be limited to:

- Placement test results
- High School Transcripts
- AP exam scores
- GED scores
- SAT scores
- ACT scores
- College transcripts
- CLEP examination scores
- TOEFL examination scores

Students will be offered the option to take the knowledge assessment in a non-proctored, self-paced environment. Students will be permitted multiple attempts at these low-stakes, adaptive assessments to modify their placement.

Students who have prior academic experience such as an earned degree (associate's or higher) from an accredited institution, students who are degree candidates at another institution (visiting students), students who have transferred 12 or more credits to Erie County Community College from another institution where they received a GPA of 2.0 or above, and students who are readmitted to the College and have received a GPA of 2.0 or above upon the completion of 12 or more credits shall be exempt from placement testing.

Policy V.D.1: Sexual Offender Notifications

Erie County Community College will meet the requirements of The Campus Sex Crimes Prevention Act which provides for the tracking of convicted sex offenders enrolled at, employed by, or carrying on a vocation at institutions of higher education. This Act requires colleges to issue a statement advising the College community where information concerning registered sex offenders may be obtained and makes the college responsible for providing the name, address, birth date, place of employment, school attended, and offense to any individual on campus requesting information concerning sex offenders attending, employed by, or carrying on a vocation at the college.

Sex offenders are required to take certain steps upon enrollment in an institution of higher education, regardless of whether their enrollment is full or part time. Pursuant to the Campus Sex Crimes Prevention Act, individuals are required register as a sex offender in the jurisdiction where their residence is located and in the jurisdiction where the college they attend is located.

In addition, the Commonwealth of Pennsylvania maintains a system for making certain registry information on violent sex offenders publicly available. Pennsylvania's Megan's Law, 42 PaC.S 9799.1, requires the state police to create and maintain a registry of persons who have either been convicted of or entered a plea of guilty to, or adjudicated delinquent of certain sex offenses listed in Megan's Law. The Pennsylvania State Police is required to make certain information on registered sex offenders available to the public.

The chief community law enforcement officer is required to notify the community of the presence of a violent predator by a community notification flyer. Megan's law requires notification of the president of each higher education institution located within 1,000 feet of a sexually violent predator's residence. Upon receiving a community notification, the College will take appropriate steps to notify the College community.

Sole Source Purchases

Competitive bidding may be waived where prior experience and investigation reasonably convince the Purchasing Department that there is only one vendor or product who can meet the requirement of the College or that formal bidding procedures will not result in any competitive bids being submitted for the product or service being sought due to the lack of competition in the market. Patented or copyrighted products are considered to be sole source items.

Use of External Contracts - Piggybacking

Review Deadline: **March 31, 2026*

Policy VI.A.4: Purchases and Contracts Requiring Board Authorization

The Board of Trustees assumes the ultimate responsibility for the operation of the College, the prudent use of its resources, and for maintaining productive and supportive relations with regulatory and funding agencies. In exercising its responsibility to the public, the Erie County Community College Board of Trustees approves the annual budget prior to the start of each fiscal year. In addition to approving the aggregate budget plan, the Board will specifically approve certain types of expenditures and contractual relationships. These specific approvals may occur either as a part of the annual budget adoption process or as individual items brought to the Board during the course of the fiscal year.

The following financial transactions require specific Board approval:

- *Development of New or Modified Facilities* - Any program for the development or modification of a college facility and associated equipment with a total project value of fifty thousand dollars (\$50,000) or greater.
- *Construction Change Orders* - Any construction change order with a unit value of fifty thousand dollars (\$50,000) or greater. Normally the construction change order should be approved by the Board before it is authorized by the College administration. If a postponement in approving a change order would seriously delay an essential project or create an exposure to contractor claims for delay of project, and if the change order can be accommodated within available construction dollars, then the President after consulting with and receiving approval from the Chair of the Board, may authorize proceeding with the change order with the understanding that the change order will be presented to the Board at its next scheduled meeting.
- *Capital Purchases or Leases* - Any single item or combination of complementary capital items with an annual cost of fifty thousand dollars (\$50,000). This includes both property leases and capital purchases.
- *Capital Write-Offs* - Disposal of capital equipment and other real property with an original acquisition price of fifty thousand dollars (\$50,000) or greater.
- *Real Estate Acquisition* - All acquisition of real estate including land and buildings. Potential real estate gifts to the College must be formally accepted by the Board before title to the property is transferred.
- *Debt Obligations* - Any agreements to borrow funds on behalf of the College. This includes both long-term debt such as bonds and mortgages as well as short-term borrowing for operating purposes.
- *Accounts Receivable Write-Offs* - Payments from any one source due to the College with a book value of twenty-five thousand

dollars (\$25,000) or greater for which staff believe there is no basis to expect payment.

- *Professional and Other Services* - Engagement of professional and any other service, regardless of type, with an expected annual expense or revenue volume of fifty thousand dollars (\$50,000) or greater, requires Board approval. Purchase of other services with an expected value less than \$50,000 whose costs are contained within the approved college budget may be authorized by the President or his or her designee.
- *Renewals, Extensions and Change Orders for Professional and Other Services*
 - o Contract renewal options, if presented to the Board at the time of initial award with a stated dollar value, do not require a subsequent Board approval.
 - o Contract extensions of a twelve-month duration or less do not require Board approval unless the annualized value of the extension exceeds 110% of the annual value of the expiring contract. No more than two (2) twelve-month extensions are permitted without approval by the Board of Trustees.
 - o Change orders to contracts for professional or other services that cause the value of a contract to exceed \$50,000 require that the modified contract be approved by the Board of Trustees. If a postponement in approving a change order would seriously delay an essential project, then the President may authorize proceeding with the change order, after consulting with and receiving approval from the Chair of the Board, with the understanding that the modified contract will be presented to the Board at its next scheduled meeting.

Policy approved by Erie County Community College Board of Trustees: **March 24, 2021*

Review Deadline: **March 24, 2026*

Policy VI.A.5: Expenditure Approval Requirements

The purpose of this policy is to define institutional approval levels which are required for institutional expenditures. Expenditures on behalf of the College fall into six categories:

- I. Petty cash
- II. Operating budget expenditures
- III. Capital budget expenses
- IV. Facilities (project) development
- V. External agreements
- VI. Grant Expenditures

Approval requirements for expenditures in each of these areas are discussed below.

I. Petty Cash Expenditures

Internal financial control procedures, as well as the requirements of outside auditors, specify that College personnel should not approve their own petty cash expenditures. To conform with this principle, the following hierarchy of petty cash expenditure approval is indicated:

- A. Petty cash vouchers must be approved by those responsible for specific organizational units for expenditures incurred within their area of responsibility.
- B. Expenditures must be approved by a supervisor.
- C. The expenditures of Senior Officers must be approved by the President or designee.
- D. In every case possible, proof of expenditure should be provided at the time petty cash accounts are reconciled. For out-of-pocket expenditures greater than fifty dollars (\$50), a check request form must be used. College employees are encouraged to use the check request process as a means of reimbursement for personally incurred expenses incurred on the College's behalf.
- E. The College may deny reimbursement if a petty cash voucher is not submitted within 45 days of the out-of-pocket expenditure date.

II. Operating Budget Expenditures

Trustee approval of the operating budget is approval to effect the programs contained therein. Within the guidelines provided below, the Organizational unit manager is authorized to undertake the expenditures contained within the approved budget plan.

All supplies and other goods or services (except small dollar value equipment repair, memberships, subscriptions, capital items or travel) should be requisitioned using a College approved requisition. Equipment and property leases should be coordinated with the Controller to ensure compliance with Commonwealth regulations. All purchase requisitions must be approved by an Organizational unit Manager, their Supervisor, or the Senior Officer. Under no circumstances should an approved signature or electronic

authorization be provided by anyone other than the responsible individual.

Organizational unit Managers are authorized to approve all operating expenditures to a level of \$1,000. A lower approval threshold may be requested by a supervisor.

Deans and Directors are authorized to approve all operating expenditures to a level of \$5,000. A lower approval threshold may be requested by their Senior Officer.

Senior Officers are authorized to approve all operating expenditures to a level of \$10,000.

Change order requests to existing Purchase Orders are to be prepared on a paper Purchase Requisition Form and require the following information:

1. Original Purchase Order Number
2. Description/Reason for the change request
3. Dollar Amount of requested change
4. Dollar Amount of original purchase order
5. Total Amount of Purchase order including the change order amount

Any purchase requisition with a value of \$10,000 or greater must be approved by the President. This includes requests for change orders which, when added to the original purchase order value, will cause the cumulative value of the purchase order to exceed \$10,000.

No commitment may be made involving consulting services where the commitment within any fiscal year will exceed \$10,000 without presidential approval.

III. Capital Expenditures

A Capital Expenditure is defined as an expenditure for the purchase of land, building, equipment, software, machinery, furniture and fixtures where the unit cost of an individual item is \$4,000 or greater and the expected life of the item exceeds one year. Furniture and fixture expenditures related to the outfitting of complete rooms, where the unit cost of individual items are less than \$4,000 may be considered capital expenditures under certain circumstances. The Controller must be contacted for a decision on these situations.

A. Capital budget expenditures of less than ten thousand dollars (\$10,000), which are reflected in approved line item budgets, require approval by the Organizational unit Manager, the unit supervisor (e.g. Dean) and the Senior Officer. Any capital item not included in the approved capital budget and any requisition \$10,000 or greater also require the approval of the President. Requisition for items not included in the approved capital budget must be accompanied by an explanatory memo and budget adjustment form, if needed, showing the source of funding that will be used to pay for the unbudgeted capital item. In situations where the College has deferred approving a capital budget, all requisitions require the approval of the President and must be accompanied by an explanatory memo and a budget adjustment form.

B. Any single capital item or combination of complementary items with a value of fifty thousand dollars (\$50,000) or greater requested for purchase requires the approval of the Board of Trustees. Written justification for such purchases should be presented to the Vice President for Business, Finance and Administration along with the purchase requisition for budgetary review and placement on the agenda of the Board.

C. Normally the budget plan approved by the Board will contain a line-item capital budget. Board adoption of the annual budget constitutes authority to proceed with the purchase of all capital items itemized in the budget. However, since the Commonwealth decisions with respect to the level of capital funds that will be made available are frequently delayed, authorization to

Organizational unit managers to begin to purchase capital items in an approved budget may be delayed pending a release of state dollars for capital purchases.

IV. Facilities (Project) Development

Any program for development or modification of College-owned facilities and equipment involving the use of bond or loan proceeds or other special capital funding source requires the approval of the Board of Trustees. All College development projects with a value of fifty thousand dollars (\$50,000) or greater must have prior Board approval.

approval of the President or his or her designee.

VI. Grant Expenditures

In addition to the above requirements, approvals for grant expenditures are determined by the Controller in order to comply with the requirements of the grantor. Each grant will be assigned a financial administrator who will adhere to the approval processes determined by the Controller.

VII. Designation of Signature Authority

Occasionally, because of vacations or absences from campus, it will be necessary for someone other than the Organizational unit managers to authorize expenditures. Further, each Unit must ensure that those granted access are trained and employ reasonable safeguards to protect the Confidential Records.

Records Retention Schedule

The Records Retention Schedule will set forth the length of time Records should be retained by the Responsible Unit. The Schedule will be developed in coordination with the Unit.

The College should consult legal counsel about any Records not encompassed within the Records Retention Schedule. When the Required Retention Period for those Records expires, the Responsible Unit shall initiate the process for the Records' destruction and disposal. The destruction of those Records shall be authorized jointly by the Vice President for Business, Finance and Administration and the senior officer of the Responsible Unit.

If Paper Records are still located within the Responsible Unit as of the expiration of the Required Retention Period applicable to them, the senior officer of the Responsible Unit will initiate the process for the Records' destruction and disposal.

All Paper Records constituting Confidential Records covered by the Records Retention Schedule shall be destroyed by shredding. All Electronic Records covered by the Records Retention Schedule shall be destroyed by or under the supervision of the Director of Information Technology.
