**Communication**

Reports came after the Consent Agenda and New Business were voted on and discussed.

**A. County Council Liaison-None Appointed Yet**

**B. President's Report**-Dr. Gray highlighted the local high schools that the College has been building relationships with. He also pointed out the sense of belonging for EC3PA students with some of the Psychology Club being the first student club established with the help of instructor Dr. Tate. There are other clubs in discussion including Gaming club, black student union and that staff is putting policies and procedures in place to fully support the clubs being created. Dr. Gray expressed that enrollment was up and that the College is now using unduplicated head count when reporting enrollment. He stated once the College's Strategic Plan was approved that a dashboard will be created to monitor statistics and that next year will be more accurate in comparing spring to spring enrollment.

**C. Academic Committee**- Vice Chairperson Rush Dix confirmed the committee met on March 19th where the members walked through the workforce development data showing trends and projections, the committee requested proposal includes review and reference to Community College of Allegheny County's welding program, and the committee compiled information from other resources to develop a plan for the College's Welding Program Proposal. They received an update of the College's progress with Middle State's accreditation. The committee reviewed the agenda item, Payments of Refunds of Tuition and Fees Policy, under tonight's New Business. Team Consortium's Federal grant was approved and announced so the committee can look towards the future of developing work force initiatives and programs in energy and advanced manufacturing. The committee also looked at programs down the line and continues to reach out to the technical community and it's education partners for feedback.

**D. Finance Committee**-No report as all items were voted on and discussed prior to the Communication section of the meeting.

**E.1. Ad Hoc Site Committee**-Trustee Sintal reported that the Committee held an executive session on the purposes of real estate March 3,2022. The College is in negotiations with a property and may have something to bring forth at the April Board meeting in executive session. The lease would need to be executed by June 2022 to be covered by the state in perpetuity.

**E.2. Ad Hoc Community Advisors Committee**-Secretary Vogel stated the stakeholders will continue to help the College move the Strategic Plan forward once approved.

**E.3. Ad Hoc Policy Review Committee**-Trustee Sintal reported that she is in the process of drafting up methodology to update policies and have a process in place to do that which addresses:

*1 ) Each policy has (a) the dates board approved, (b) associated change dates with reasons, (c) date for re-review to meet accreditation requirements , so they can be reviewed at time intervals that allows them to keep current.*

*2) Short process required to add new policies, including any reason for bringing the policy forward. I.E. legal, political, community, etc*

- 3) *location and currency of policies*
- 4) *Any practices that should be associated with the said policy.*

Trustee Sintal said she would give the Board a draft of the procedures next month.

**F. Chairperson-None**

**Enrollment Management Presentation**

This presentation was tabled for a future meeting.

**Consent Agenda Motion 3**

Janet Feick, Senior Manager and Betsy Krisher, Engagement Partner from MaherDuessel presented a PowerPoint overview of the audit (see attached Presentation & DRAFT Audit) and previously reviewed all information and recommendations with finance committee. The College will receive the final form after the acceptance of the board at this meeting. Vice Chairperson Rush Dix asked if there were

additional accounting responsibilities because the College is on a fiscal year and the County is on a calendar year. Ms. Krisher responded that the County will fold in onto the College's fiscal year at the end of the calendar year. Dr. Gray thanked the auditors, the Finance Committee, and Treasurer Sheehan's for their good work with the startup financial reporting of the College.

**New Business-Approval of Welding Certificate Program Board Report #22-21 (pg. 21-33) Motion 6**

Trustee Sintal inquired how the Committee came to the decision to add a welding program. Vice Chairperson Rush Dix noted the additional information will be shared when the Academic Committee provides its report to the Board. Dr. Gray clarified that he knows of no other college that has a welding program, as there is a need for an affordable entry level welding program in the community. He also shared that the program presents spatial challenges as the program will be hands on, requiring 12 welding booths. He continued that the program is a worthwhile investment as a mainstay program for the College and that the College is not making an infrastructure investment since the equipment is not permanently fixtured to the building. The College will continue to meet the needs and work with local manufacturers in the future.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of EC3PA as of June 30, 2021, and the changes in financial position and cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of a Matter

This is the initial set of financial statements produced for EC3PA, as described further in Note 1. Our opinion is not modified with respect to this matter.

## Other Matters

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED JUNE 30, 2021**

The following presents management's discussion and analysis of Erie County Community College of Pennsylvania's (EC3PA) financial and operational activity during the fiscal year ended June 30, 2021. We intend for this management's discussion and analysis to provide the reader with information that will assist in understanding our Financial Statements, the changes in key items in those Financial Statements from year to year, and the primary factors that accounted for those changes, as well as how certain accounting principles affect our Financial Statements. This analysis reflects on current activities, resulting changes, and currently known facts, and should be read in conjunction with EC3PA's Financial Statements, including the notes accompanying these Financial Statements. Responsibility for the completeness and fairness of this information rests with EC3PA management.

On July 8, 2020, the Pennsylvania State Board of Education approved the County of Erie's (County) Community College Plan to establish EC3PA. Since receiving approval, the County has prioritized taking the necessary steps to open the new community college for the inaugural 2021-2022 school year.

**Using This Annual Report**

The Financial Statements are designed to emulate business presentation models, whereby all EC3PA activities are consolidated. The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of EC3PA activities that are supported mainly by State Appropriations, Local Sponsor Appropriations, and Tuition and Fees. This approach is intended to summarize and simplify the user's analysis of both the revenues and the costs of various EC3PA services to students and the public. The Statement of Net Position is prepared on the accrual basis and presents all assets, deferred outflows of resources, deferred inflows of resources, and liabilities of EC3PA, both financial and capital, and classified between short- and long-term.

**Financial Highlights**

Primary revenue sources for EC3PA for the year ended June 30, 2021 were County and state appropriations, totaling \$2.7 million. Expenses totaled \$860,000, resulting in a positive change in net position of \$1.8 million for the year. EC3PA enrolled students for the inaugural class in July 2021. As a result, there were no operating revenues during the year ended June 30, 2021.

Current Assets are \$1.7 million and consist of \$640,236 in cash and cash equivalents, \$423,756 of grants receivable, \$38,047 of other receivables, and \$585,176 in prepaid expenses. Non-Current Assets consist of \$371,620 in capital assets, which include software costs. There was no depreciation expense for the year ended June 30, 2021, as the assets were not placed in service until the subsequent fiscal year. Total Liabilities are \$263,661 for 2021 and include accounts payable of \$247,114 and payroll liabilities of \$16,547. The increase in Unrestricted Net Position can be attributed to Total Revenues being greater than Total Expenses by \$1.8 million.

\* June 30, 2021 is the first year of operations for EC3PA

EC3PA enrolled students for the inaugural class in July 2021. As a result, there were no operating revenues for 2021. Total Operating Expenses were \$853,422 and relate mainly to personnel and start-up costs. Nonoperating Revenues (Expenses) total \$2.7 million and include state and local appropriations.

### **Fiscal Outlook**

EC3PA will not be eligible to participate in Title IV, Federal Financial Aid Programs, until it has achieved Candidacy Status with a qualified Higher Education Accrediting Agency. EC3PA has started developing a relationship with the Middle States Commission on Higher Education (MSCHE) and is aligning our operational and program plan with its “Standards for Accreditation and Requirements of Affiliation.” The minimum time EC3PA must successfully operate a collegiate degree program acceptable to MSCHE is one academic year before applying for Candidacy Status. Candidacy Status is required before students will be eligible for receiving Title IV Financial Aid from the U.S. Department of Education. EC3PA intends to do everything within its ability to achieve that status in the 2022–2023 Academic Year and, thereby, enable its students to qualify for federal financial aid.

## ERIE COUNTY COMMUNITY COLLEGE OF PENNSYLVANIA

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**FOR THE YEAR ENDED JUNE 30, 2021**

During the 2021–2022 Academic Year at least, the absence of access to federal financial aid will be offset by budgeted scholarship resources equivalent to the projected need-based aid for which the students would normally be eligible. EC3PA has budgeted enough scholarship support to equate to 80% of the tuition level for all full-time students. The goal is to raise more scholarship support, which will cover the remaining 20% and some level of support for part-time students, as well.

State appropriations, County appropriations, and student tuition and fees are expected to compose EC3PA's principal revenue sources for the 2021-2022 Academic Year. The viability of each of these three critical revenue components is highly dependent on variables external to EC3PA such as enrollment trends, local and state economic conditions, federal, state, and local legislative actions, and others. EC3PA's ability to manage fluctuations within these revenue sources will be vital to its continued success.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2021

---

**1. Organization**

Erie County Community College of Pennsylvania (EC3PA), established in 2020, offers associate's degree and technical skills certificate programs that provide education and training at an affordable price to residents of the County of Erie (County) and the surrounding area for available and emerging jobs that do not require a baccalaureate degree. In addition, EC3PA provides the education many students need to succeed in a four-year program, as well as an affordable option for the first two years of college for those seeking a bachelor's degree. EC3PA is a component unit in the governmental reporting entity of the County. EC3PA is a legally separate organization for which the nature and significance of the relationship with the County is such that exclusion from the audited financials of the County would cause the financials of the County to be misleading or incomplete. As a result, EC3PA's financial statements will be included in the County's December 31, 2021 Annual Comprehensive Financial Report.

EC3PA is operated by a nine-member Board of Trustees (Board), who are appointed by the County Council of the County. Board members can be reappointed to six-year terms and are limited to serving no more than two successive terms including any initially appointed term. The Board has decision-making responsibility to significantly influence operations and primary accountability for fiscal matters. The County also appropriates and disburses funds to EC3PA that are utilized in the operation of EC3PA.

Classes are offered at four locations across Erie, Pennsylvania. Primary revenue sources for EC3PA for the year ended June 30, 2021 are County and state appropriations. State appropriations are to fund allowable operating and capital costs based upon formulas set by the Pennsylvania Department of Education. The County, as local sponsor of EC3PA, contributes to the operating and capital costs of EC3PA. EC3PA enrolled students for the inaugural class in July 2021. As a result, there were no student tuition and fees collected during the year ended June 30, 2021.

As defined by accounting principles generally accepted in the United States of America (GAAP) established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists solely of EC3PA, as there are no component units.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2021

**2. Summary of Significant Accounting Policies**Basis of Presentation

EC3PA is a special-purpose government entity engaged in business-type activities. Accordingly, the financial statements have been prepared in accordance with GAAP, using the economic measurement focus and the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned, and expenses are recorded when incurred. EC3PA follows accounting principles issued by the GASB. The presentation provides a comprehensive entity-wide perspective of EC3PA's assets, deferred outflow of resources, liabilities, deferred inflow of resources, net position, revenues, expenses, and changes in net position, and the direct method of cash flow presentation.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Liquid investments with maturities of three months or less are considered to be cash equivalents and are stated at fair value. Cash and cash equivalents that are restricted or intended for capital expenditures are classified as noncurrent assets and are not cash and cash equivalents for purposes of the statement of cash flows.

Grants Receivable

Grants receivable consist of amounts due for grants and contracts from federal, state, and local governments, or private sources, made in accordance with agreements. No uncollectible amounts have been reserved based on outstanding balance of the receivables for the year ended June 30, 2021, and all amounts are expected to be collected within one year.

Capital Assets

Acquired fixed assets are stated at cost at the date of acquisition. Donated fixed assets are recorded at their estimated fair value at the date of donation. The assets are being depreciated by the straight-line method over their estimated useful lives. Depreciation is

---

included as a separate functional expense category in the statement of revenues, expenses, and changes in net position. There was no depreciation expense for the year ended June 30, 2021, as the assets were not placed in service until the subsequent fiscal year. The estimated useful lives are as follows:

Improvements	15 years
Equipment and furniture	7 years
Software costs	5 years
Computer equipment	3 years

Expenditures for maintenance, repairs, and betterments that do not materially extend the useful life of an asset are charged to operations as incurred. Renewals and betterments that substantially extend an asset's useful life and are greater than \$4,000 are capitalized.

### Compensated Absences

Beginning in fiscal year 2022, employees of EC3PA are entitled to paid vacation, paid sick days, and personal days off, depending on length of service. The estimated and accrued liability is recorded at year-end in the statement of net position, and the net change from prior year is recorded as a component of operating expense in the statement of revenues, expenses, and changes in net position. There were no compensated absences as of June 30, 2021.

### Deferred Outflows and Inflows of Resources

Deferred outflows of resources is a separate financial statement element that represents a consumption of net position that applies to future periods; therefore, it will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources is a separate financial statement element that represents an acquisition of net position that applies to future periods; therefore, it will not be recognized as an inflow of resources (revenue) until then. There are no deferred inflows or outflows of resources at June 30, 2021.

Net Position

Net position is classified into three major categories:

- Net investment in capital assets - This category includes all of EC3PA's capital assets, net of accumulated depreciation, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets are also included in this component of net position.
- Restricted - Owned by EC3PA, but the use or purpose of the funds is restricted by an external source or entity. The restricted net position category is subdivided further into expendable and nonexpendable:
  - Expendable - can be expended in compliance with the external restriction
  - Nonexpendable – net position that is required to be retained in perpetuity
- Unrestricted - The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Use of Restricted Net Position

When an expense is incurred that can be paid using either restricted or unrestricted resources, EC3PA's policy is to use restricted resources, when available, before using unrestricted resources to pay expenditures.

Classification of Revenue

Revenue is classified as either operating or non-operating:

- Operating revenue includes revenue from activities that have characteristics similar to exchange transactions. These include student tuition and fees (net of scholarship discounts), certain federal, state, local, and private grants, and contracts. As discussed in Note 1, EC3PA had no operating revenue for the year ended June 30, 2021, as EC3PA enrolled students for the inaugural class in July 2021.

- Non-operating revenue includes revenue from activities that have the characteristics of non-exchange transactions, such as appropriations and certain federal, state, and local grants. The implication is that such revenues are derived from more passive efforts related to the acquisition of the revenue, rather than the earning of it.

Income Taxes

EC3PA is exempt from federal income taxes under Section 115 of the Internal Revenue Code (IRC).

Pending Pronouncements

GASB has issued statements that will become effective in future years, including Statement Nos. 87 (Leases), 89 (Accounting for Interest Cost), 91 (Conduit Debt Obligations), 92 (Omnibus 2020), 93 (Interbank Offered Rates), 94 (Public-Private and Public-Public Partnerships), 96 (Information Technology Arrangements), and 97 (Deferred Compensation Plans). Management has not yet determined the impact of these statements on the financial statements.

**3. Deposits and Cash Equivalents**EC3PA Deposits

The carrying amount of EC3PA's cash and cash equivalents was \$640,236 at June 30, 2021. Of these balances, \$349,963 was covered by the Federal Deposit Insurance Corporation (FDIC), and the remaining balances were secured by pledged bank collateral under the pooled collateral agreement described in Pennsylvania Act 72. EC3PA does not carry any bank balance over and above the insured and secured amounts.

### 5. Operating Leases

EC3PA leases facilities under short-term, noncancelable operating lease agreements. The leases expire at various dates through 2022. In the normal course of business, it is expected that these leases will be renewed or replaced by leases on other properties. Lease expense totaled \$12,731 during fiscal year 2021.

Future minimum rental payments required under the operating lease agreements for operating leases are \$210,555 for fiscal year ending 2022.

### 6. Risk Management and Contingencies

EC3PA is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. These risks are covered by commercial insurance purchased from independent third parties.

Management believes the insurance coverage is sufficient to cover EC3PA against potential losses.

The tuition and fees for the inaugural class of students for the academic year 2021 to 2022 (fiscal year ended June 30, 2022) are being funded by student payments, the Erie Community Foundation, and Erie County. For EC3PA to continue to evolve, it must gain full accreditation including the ability to distribute federal student financial aid. Management believes those goals will be achieved.
